- **Log in to Outlier** → **Profile** → **Delete Account**.
- **Follow the prompts** and confirm via **email** .
- **NOTE:**
 - This action is permanent and cannot be reversed .
 - Account deletion is permanent, and creating a new account won't be possible. .

Community Guidelines Summary

To maintain a respectful, safe, and positive space for all contributors, please follow these key rules:

-  **Complete tasks with integrity:** No external help, bots, or unauthorized tools unless instructed by an Outlier admin.
-  **Only work on qualified tasks** after reviewing the required materials.
-  **Be diligent, honest, and timely** in completing your tasks
-  **Pass required certifications** for each project.
-  **Be respectful to others** and use proper channels to ask questions or raise issues.
-  **Do not share your login credentials** or create multiple accounts.
-  **Avoid misconduct:** No offensive language, spam, impersonation, or exploiting bugs.
-  **Respect confidentiality:** Never share task instructions, links, screenshots, or project info outside of authorized channels.
-  **Do not use VPNs or change your location** unless explicitly approved by Outlier.
-  **Outlier is restricted in some countries** like Iran, North Korea, Syria, and others under U.S. export laws.

👉 For the full set of rules, please review the complete [Community Guidelines](#).
